**\*\*Length as ordered by the customer**

Connection: M4 thread  
 Lenght of thread LG 12 mm  
 Inconel safety tube, diam. 15 mm  
 Center and ground electrode made of Kanthal A1

## Other things you should know..

**Insulators** made of aluminium oxide AL<sub>2</sub>O<sub>3</sub> > 95 % C 795  
 Steatit C 221

**Accessories:**  
 SAE cable connecting nut 6.3 mm,  
 capable of being screwed on M4 thread.  
 100 units per pack

Electrode material Kanthal A1, APM, D, N80, alu chrome (J,Y,O)  
 or Krupp VDM on request. Supply of different  
 electrode wire materials in ø 1.2-3.5 mm (length 3 m)  
 Insulators on request, various support insulators e.g. Isol. 1013,  
 65 mm with 13.4 mm ø appropriate for ZE 14-12
